DESCRIPTION

JET-LUBE SILICONE SPRAY lubricant provides high-performance lubrication and corrosion protection in a quick-drying, no-mess formula. Silicone is non-reactive to most substances, and it does not oxidize. It will maintain a slick, low-friction surface in a wide range of temperatures. These same qualities make it an excellent product for lubrication of parts used in hostile work environments and heavy machinery.

The Jet-Lube **SILICONE SPRAY** lubricant is a professional formula that is safe for use on metal, rubber, wood, plastics or vinyl. It is an excellent lubricant for use in wet environments, and is used in a variety of industries such as automotive, aerospace, agriculture, construction, manufacturing, mining, and oil & gas.

APPLICATIONS

Typical applications include lubricating locks, hinges, drawers, windows, tools, latches, switches, linkages, valves, pulleys, air conditioners, fans, chains, machine works, electrical parts, and more. It can also be used for applications around the home such as gardening equipment, sporting goods, fishing and hunting equipment.

OPERATING RANGE

Operating Range -17°C to 177°C (0°F to 350°F)

PRODUCT SPECIFICATIONS

Spray Pattern, from 12" Distance @ 21°C	Fine, Conical
Propellant	Hydrocarbon
Solvent Type	Petroleum Distillates
Film Appearance	Clear, Odorless
Density of Liquid (kg/liter), Typical	0.72
Specific Gravity of Liquid	0.72
Flash Point	-4°C
Spray Rate, 10s @ 21°C	8 to 11g / 10s

PACKAGING

Inventory Code	Container Size	Container
50741	300 g	Aerosol

LIMITED WARRANTY

Jet-Lube of Canada makes the Limited Express Warranty that at the date of delivery, this product shall be free from defects in Jet-Lube of Canada Ltd. materials and workmanship.

This Limited Express Warranty is expressly in lieu of any other express or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose, and of any other obligation on the part of Jet-Lube of Canada Ltd.
